Purpose

Ohio Family, Career and Community Leaders of America, Career Development Events (CDEs) are educational activities that are organized and conducted by the Ohio Department of Education, Office of Career-Technical Education, Family and Consumer Sciences (FCS). CDEs are designed to assess student competence and technical skills as detailed in the Family and Consumer Sciences, Hospitality and Tourism, and Education and Training Career Field Content Standards.

They are the motivating force that stimulates career interests and personal development of middle school and high school students enrolled in Family and Consumer Sciences course(s) or related career field program/course(s). Career Development Events information including, Ohio only events, may be found at www.ohiofcla.org. Periodically, revisions may occur to CDE operations. All revisions will be found on the Ohio FCCLA website.

Intra-Curricular Opportunities

Participation in CDEs is an exciting, challenging, and engaging experience. It provides opportunities for leadership development, professional growth and recognition. CDEs strengthen Family and Consumer Sciences and related career field programs by increasing student motivation, providing a framework for authentic learning experiences that enhance documented performance assessments.

Event Descriptions and Categories

Individual events evaluate one member's performance and team events evaluate members or chapter's performance as one entry. Team events may have up to three members from the same chapter, unless otherwise specified. All participants must follow the specific event rubric found at www.ohiofcla.com

An event category is determined by the member's current enrollment in Family and Consumer Sciences course(s) or related career field course(s) that is taught or could be taught by a person approved by the state education system for teaching Family and Consumer Sciences courses or content areas and are affiliated members for Family, Career and Community Leaders of America.
