

Hey FCCLA peeps! Shayla Combs here from Butler Tech/Middletown High School serving as your State Secretary! I love FCCLA and am currently going into my 5th year as a member. I enjoy giving back to my community through service learning, competing in Career Development Events, and leading group activities within the various clubs.

I thoroughly believe in taking advantage of all the opportunities afforded to you in life, which is why I have seen 15 artists in concert, baked 750 cookies in one day, and crammed years worth of government functioning into two days. After graduation, I look forward to traveling with my bestie, moving far away for college, and embarking on the journey of a lifetime. FCCLA has instilled an amazing sense of passion, community, and work ethic in me that I am honored to be able to share with you this year.
