

Hey Ohio FCCLA! My name is Mustafa Ilgin. I am a Junior at Anthony Wayne High School a satellite of Penta career Center and currently serving as your Vice-President of Program Outreach. First, I am a quadruplet of three sisters and fun facts, I was the only boy.

Having spent the past five years in FCCLA I have grown as a person and leader. The skills that I have developed through FCCLA have allowed me to use these various skills to help at my parent's restaurants and in other school activities.

I participate in French Club, Anthony Wayne Interact Club and of course FCCLA. In my free time, I enjoy photography, exploring new places, reading and hanging out with friends.
