Purpose

Family, Career and Community Leaders of America (FCCLA), Career Development Events (CDEs) and (STAR Events) are educational activities that are organized and conducted by the Ohio Department of Education, Office of Career-Technical Education, Family and Consumer Sciences (FCS). CDEs are designed to assess student competence and technical skills as detailed in the Family and Consumer Sciences, Hospitality and Tourism, Education and Training Career Field Content Standards.

They are the motivating force that stimulates career interests and personal development of middle school and high school students enrolled in Family and Consumer Sciences course(s) or related career field program/course(s). Career Development Events information including, Ohio only events, may be found at www.ohiofccla.org. Periodically, revisions may occur to CDE operations. All revisions will be found on the Ohio FCCLA website.

Intra-Curricular Opportunities

Participation in CDEs is an exciting, challenging, and engaging experience. It provides opportunities for leadership development, professional growth and recognition. CDEs strengthen Family and Consumer Sciences and related career field programs by increasing student motivation, providing a framework for authentic learning experiences that enhance documented performance assessments.

Event Descriptions and Categories

Individual events evaluate one member's performance and team events evaluate members or chapter's performance as one entry. Team events may have up to three members from the same chapter. All team rules must follow the specific event rubric found at www.ohiofccla.com.

An event category is determined by the member's current enrollment in Family and Consumer Sciences course(s) or related career field course(s) that is taught or could be taught by a person approved by the state education system for teaching Family and Consumer Sciences courses or content areas and are nationally and state affiliated members for Family, Career and Community Leaders of America.

Event Categories are defined as:

- *Junior (Beginning)*– FCCLA chapter members grade 7 through 9
- *Senior (Advanced)* – FCCLA chapter members grades 10 through 12, who are identified as comprehensive members on the national affiliation system.
- *Occupational (Career Field)* – FCCLA chapter members in grades 9-12; who have been or are currently enrolled in a related career field or course, and are identified as occupational on the national affiliation system.

Career Development Events (CDEs)

(See Appendix for a complete list of Career Development Events)

CDEs are competitive events in which members are recognized for proficiency and achievement in chapter and individual projects, leadership skills, and career preparation and offer individual skill development and application of learning through the following activities:

- Cooperative— teams work to accomplish specific goals
- Individualized —an individual member works alone to accomplish specific goals
- Competitive —individual or team performance is measured by an established set of criteria

CDEs promote the FCCLA Mission to focus on the multiple roles of a family member, wage earner, and community leader. Each event is designed to help members develop specific lifetime skills in character development, creative and critical thinking, interpersonal communication, practical knowledge, and career preparation.

- **Foundational Events:** These events, which build basic leadership and skills for life, are for FCCLA members who want to get involved and improve themselves.
- **Leadership Events:** These events provide an opportunity for leaders to gain recognition for their work in their chapters. The event content is designed to be a chapter project led by the team who takes it to the competition.
- **Career Preparation Events:** These events are for members interested in a specific career area. Most events are for only senior and occupational members who have spent time building career specific skills and knowledge, but a few events are open to junior members who want to explore a specific career path.
- **Online Events:** have two participation levels. In Level I, members submit their online, digital project for evaluation. In Level II, the fifteen (15) highest scoring entries are invited to present their digital project, plus an oral presentation, at the National Leadership Conference.
- **Ohio Only:** These events are for members enrolled in a Family and Consumer Sciences course or career field course building basic leadership and specific skills sets. These events are developed in partnership with the Ohio Department of Education and industry leaders. These events are not eligible to proceed to the national level.

General information

- All CDE projects must be completed in the one-year span beginning July 1 and ending June 30
- Chapter advisers should insure that identical presentation(s) are not entered into a CDE event more than once. However, projects entered in any event may be included in the Chapter in Review Portfolio or Chapter in Review Display
- Chapters are allowed to enter only one entry in Chapter in Review Display and one entry in Chapter in Review Portfolio per category
- Chapters may only have one entry per Career Development Event per category.
- Spectators are not allowed to observe any portion of any CDE. Videotaping and/ or audio recording of events is not allowed. *Exception: Media and Business & Industry partners may be escorted into events with prior approval and arrangements made through State Staff
 - A display area may be available
- Members are to maintain a professional attitude and appearance during CDE events

- Members are responsible for their own event material. Any items left behind are not the responsibility of FCCLA and maybe discarded
- Regional CDEs are coordinated by the Ohio Department of Education, Office of Career-Technical Education, Family and Consumer Sciences.

Dress Code

The FCCLA official blazer dress is always appropriate and strongly encouraged, although not required (unless otherwise noted). Official dress includes:

Inclement Weather Policy

If inclement weather, emergency or other unforeseen situations are affecting the area or region of and Ohio FCCLA Career Development Event, a decision may be made to delay or cancel. These decisions are made after consulting the national weather service, local weather forecasters, and area law enforcement. The safety of our students, advisers, and partners is our first and foremost priority.

If a level 2 or level 3 snow emergency exists on the event date in the host location of a CTSO event, the event will be cancelled. However, during inclement weather not resulting in a level 2 or 3 snow emergency at the event site, the State FCCLA Staff will consult appropriate experts (such as but not limited to the National Weather Service) to assess potential hazards and consider options for amending event start times or participation schedules to facilitate safer travels, event postponement or cancellation.

Schools will be notified by email and/or telephone of any cancellations or delays as soon as possible after the decision has been made. If such conditions develop during the night and warrant a delay or Cancellation after early morning travel has begun, every attempt will be made to notify advisers through personal cell phones, local media outlets, and alerting state law enforcement.

Event Guidelines

An **individual** event is one that is completed by the individual.
